

Herbicide

# PLANTPROS NEWSLETTER

PLANTPRODUCTS®

## EFFECTIVE

- Non-selective weed control
- Results within hours after application
- 2 hours rain fast period
- Equal effectiveness Spring, Summer, Fall temperatures
- No offensive odor
- No toxic residues

AXXE Broad Spectrum Herbicide is a non-selective, weed control for grasses and broadleaf weeds. It is formulated to deliver maximum performance and provide fast-acting results on a long list of weeds and grasses, as well as most mosses and lichens.

AXXE is an herbicidal soap product comprised of a form of ammoniated pelargonic salts. These salts penetrate the cell walls of plants, disrupting the cellular functions of the targeted weeds and killing them within hours of application.

**Always read the label.**

Everything you need  
**to grow**

**AXXE®**  
BROAD SPECTRUM HERBICIDE

### Mode of Action:

AXXE is a soap product that penetrates the cell walls of plants. This will disrupt the cellular organization of physiological functions that are compartmentalized by membranes within the cell walls. Plant growth ceases when cellular contents are mixed, which causes brown necrotic plant tissue.
