

BIO Herbicide

PLANTPRODUCTS

For Liverwort Control

(Marchantia polymorpha)

AXXE is a non-selective, post emergence herbicide for a long list of grasses, broadleaf weeds and liverwort. AXXE provides rapid burn down of weeds within hours of application and then biodegrades quickly, leaving no harmful residue behind. AXXE disrupts plant tissue through cell wall penetration, resulting in cease of plant growth and brown necrosis.

Area of Use

Spray AXXE Herbicide to control liverwort on container media. Plant material must be dormant and hardy for this application. Utilize directed or shielded sprays to prevent exposure to desired vegetation.

Features & Benefits

- Rapid burndown, results within 24 hours
- No Mutational Resistance
- Does not persist in soil
- Up to 6 weeks of 100% liverwort control

AXXE Herbicide is available in:

- 9.45 L
- 19 - 113.5 - 208 & 1,041 L, available upon request.

AXXE - Rates	AXXE per 8 Liter Solution	AXXE per 15 Liter Solution
25% Surface Coverage – 7% v/v	0.560 L	1.05 L
50% Surface Coverage – 10% v/v	0.800 L	1.5 L
>75% Surface Coverage – 14% v/v	1.12 L	2.1 L
