## selectline

PREMIUM LINE MARKING PAINTS

### EASY

no dilution, no mixing,  
shake the product and apply

### EFFECTIVE

superb coverage and brightness

### ECONOMICAL

no leftovers, no spilling,  
efficient coverage

**Does not harm to environment or the field.**

#### INSTRUCTIONS FOR USE :

Install the container directly on the machine and connect the inlet hose. Make sure the battery is charged. Select and install the desired spray nozzle. Remove all air out of the hoses by opening the valve at the nozzle and powering the pump until product is coming out. Close the valve. Start lining!

When finished disconnect the inlet hose from the can and close the can well using the original cap. Put the inlet in a can or bottle with clean water and turn on the pump. Flush the system until clean water is coming out of the nozzle. Clean the machine if needed. Remove the nozzle and store it in water to prevent clogging.

Always read the label.

### Usage:

0.25 to 0,6 litres/100 m  
Based on a regulation soccer field  
626 m of lines are to be marked.

High rate = 3.76 L  
(covers 2½ soccer field)

Low rate = 1.57 L  
(covers 6 soccer field)
