Selectus™

Fertilizer™

What is Selectus™?

Selectus™ is the evolution of nutrition. It is the newest and most flexible plant nutrition system available. Selectus™ is customized soluble nutrition, based solely on the requirements of the grower.

Advantage of Selectus™ fertilizer?

- Empowers decision makers.
- Process control: Selectus™ software developed by Plant Products to ensure process control at your facility.
- Easy to use delivery systems.
- Just in time delivery - no need for inventory.
- Flexible and customized.
- Technical capabilities - Selectus™ is a complete nutrition solution. Plant Products, technical representatives assist growers in implementing the ideal nutrition program for their facility.
- Less waste and disposal.
- Increased efficiency.

Plant Products is continuously seeking ways to reinvest in the greenhouse industry. As a result Selectus™ is the next generation of nutrition helping you maximize your competitive advantage.
