

MASTER MHW

DIRECTIONS FOR USE

For detailed instructions on how to use **MASTER MHW** in your particular application, contact your **PACE** Representative.

Additional information can also be obtained by logging on to our website, www.pace49.com.

Pre-dissolve **MASTER MHW** at the rate of 1 to 2 oz per gallon of water. Use hot or warm water if available.

MASTER MHW emulsifies dirt, oils and organic material, leaving surfaces spotless. Pre-cleaning with **MASTER MHW** is an ideal step prior to disinfection.

MASTER MHW is designed to work without producing excessive foam in high-agitation environments such as spray nozzles, scrubbers, high-speed stirrers and pumps.

MASTER MHW will not harm concrete, plastic, poly, rubber, glass, paintwork, stainless steel, iron or soft metals such as aluminum when used as directed.

Horticultural and Agricultural Applications:

MASTER MHW's low-foaming characteristics make it ideal for removing deposits from **plastic and styrofoam plug trays and pots** using automated washing equipment

Areas of use: All automatic washing equipment for plastic items such as pots, plug trays and pails, particularly those employing high-pressure spray nozzles.

PACE ACBD System

ACBD stands for *Always Clean Before Disinfecting* and represents a system which will enable you to comply with all **Food Safety** and **HACCP** requirements.

MASTER MHW is one part of the system. Contact your representative for advice on how to implement the full

PACE ACBD System.

Low-Foaming Detergent for Automatic Washers

PRECAUTIONARY STATEMENTS

FIRST AID

Causes Burns

Avoid contact with skin and eyes. Wear suitable gloves. Wear eye protection. Avoid breathing dust.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water.

If Swallowed: Administer several glasses of water or milk and call a poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.
